

- Lay your paper horizontally
- Put your pen to the paper 2 inches from the bottom and 2 inches from the left
- Draw up 3 inches, to the right 3 inches, down 3 inches, and to the left 3 inches without removing the pen from the paper
- Putting your pen an inch above the paper, move it up 3 inches, then touch it to the paper again
- Move the pencil 1.5 inches right and 1.5 inches up simultaneously (diagonally), then move it 1.5 inches right and 1.5 inches down simultaneously (diagonally)
- Putting your pen an inch above the paper, go down 3 inches, and left 1 inch, then place your pen back on the paper
- Draw up 1.5 inches, draw left 1 inch, then draw down 1.5 inches, then take the pen off the paper
- Uh finished
